TURMA BOOST Capsule

CURCUMIN + BLACK PEPPER EXTRACT

TurmaBoost Turmeric Curcumin and Piperine Extract Capsule is a herbal supplement that helps in treating arthritis symptoms. It helps to kill chronic pains and the piperine increases the absorption of curcumin, giving maximum benefits to the body. Turmeric has long been recognized for its medicinal properties, as it is a major source of the polyphenol Curcumin. Turmeric has antioxidant properties that help in fighting free radicals.

Key Benefits:

- Relieves joint pain and inflammation
- Strengthens the immune system
- Treats high cholesterol levels, obesity, and diabetes
- Supports optimal digestive health
- Acts as an antibiotic for healing the wound both internally and externally
- Helps in improving the functioning of the brain
- It has strong powerful antioxidant, anti-inflammatory, antiseptic, anti-fungal, anti-bacterial agents

Directions For Use:

Take 1-2 capsules per day after meals or as directed by the physician.
